Over 2,000 gallons	\$5.11 per thousand gallons

Note: Each individually metered residential dwelling unit shall be charged a monthly wastewater service charge and a volume charge based upon the average amount of water consumed during the months of November, December, January and February of each year, rounded to the nearest 100 gallons. Customers moving onto an existing or newly constructed, single family residential unit shall be billed for sewer at eighty percent (80%) of current monthly consumption up to a maximum monthly amount for 10,000 gallons until the winter month history is established.

**Commercial/Institutional Users**

**Ordinance**

First 2,000 gallons	\$15.75 per month	
Over 2,000 gallons	\$5.11 per thousand gallons	<b>\$4.92</b>

Note: Residential customers not connected to the waterworks system of the city shall be billed monthly by the city for wastewater services at a calculated rate based on the average residential water consumption of sixty-eight hundred (6,800) gallons \$42.23, or at a rate based on the average water consumed during the months of November, December, January and February of each fiscal year from the billing records of a special water district. Commercial customers shall be billed at a rate that is consistent with the regular wastewater charge of similar type businesses, premises or users receiving service from the city. The utility office supervisor shall recommend for approval such service charge and conditions as deemed appropriate to the Finance Committee of the City Council and the Finance Committee shall approve the same.
