

Kindle Book Walkthrough

For use with the Kindle and Kindle Reader App

There are a few things you'll need before you get started:

- [] A Huntsville Public Library card
- [] A PIN for your Huntsville Public Library card
- [] An Amazon.com Account
- [] A Kindle or Kindle Reading App registered to your Amazon.com Account
- [] Access to an internet browser

1. Navigate to our eBook collection
 - a. Open your web browser and go to www.myhuntsvillelibrary.com
 - b. Near the top of the page, click on the banner for downloading audiobooks and ebooks.

2. Find the book you want
 - a. Click 'Sign in' in the top right corner of the page
 - b. Sign in, using your library card and PIN
 - c. Click the "Advanced Search" button in the top right corner
 - d. Change the format to "Kindle books," and enter any other search criteria as desired
 - e. Click search, and look for available items.
A dark book on the cover means it is available, while a grey symbol means you can only place a hold.

3. Check out your item
 - a. Click the cover of an item to see more information about it, including summaries, previews, or similar titles, and to check it out.
 - b. Click the borrow button to add the item to your account.
 - c. Click Download, check the version for Kindle, then click Confirm & Download

3c

4. Put your Library book on your Amazon.com account
 - a. When you click Confirm & Download you will be taken to Amazon.com to download the book.
 - b. If you need to redownload a book you've already checked out, click Account, then Bookshelf, then Download
 - c. Click Get Library Book
 - d. You may be prompted to sign in to your Amazon account

4b

Bookshelf

Note: Once you select a format, you must download the book on the device.

4c

5. Update your kindle/app
 - a. If you used a Kindle device to complete steps 1-4, your device should update automatically
 - b. If your book doesn't appear on the home page after a couple minutes, try Syncing your device or app (see your User Guide)
 - c. Some titles must be transferred via USB (see your User Guide)
