1.01 PREFACE	5
1.02 AUTHORITY	5
1.03 PURPOSE.....	6
1.04 POLICY MAINTENANCE	6

1.01 Preface

- A. The greatest asset of our City is the potential of our employees. Recognition and enhancement of this asset are of material benefit to the community and also fulfill a moral obligation to each employee. The City's intent is to work with all employees as respected individuals, ensure they are competitively compensated, politically unencumbered, and supported by the Administration and the City Council. Our success may well be measured by the extent to which our efforts give meaning and dignity to our employees lives, as reflected by their work and community relationships.

- B. As the City has a responsibility to its employees, so the employees have a responsibility to the City. The welfare of both depends upon the ethical and effective way employees complete their responsibilities. To encourage a sense of responsibility, a spirit of confidence, and an attitude of cooperation among our employees is a primary administration goal. The City recognizes the value of individual employees and provides the essentials which will enable them to achieve the maximum satisfaction in their careers. In turn, individual employees are expected to recognize that their own satisfaction derives from loyal, ethical and conscientious service in the performance of their duties.

1.02 Authority

These policies apply to and govern all employees of the City of Huntsville, unless otherwise restricted or governed by State or Federal law or City Charter.

- A. These policies supersede all existing policies and are effective and binding upon all employees, regardless of hire date. Continued employment with the City constitutes conclusive acceptance of the terms of these policies. These policies, including any modifications, are prepared for informational and guideline purposes only and do not constitute a contract (either express or implied) in any respect between the City and its employees.

- B. Employment with the City is at-will and either the employee or the City may terminate the relationship at any time for any reason not contrary to law.

- C. This removal power is subject to any exceptions in the applicable provisions of the City Charter. The at-will status of any employee may not be modified or rescinded by any oral or written statements by any person, including appointed or elected officials, any employee handbooks, employment applications, or other materials provided to employees. Nothing in this policy manual is intended to change or modify the at-will status of City employees or to create or confer any property rights or expectations of continued employment to any employee.

- D. The failure of the City to follow or comply with any provision of this policy shall not constitute grounds for nor form the basis of any action or cause of action, either civil or criminal, arising from employment with the City.

1.03 Purpose

The purpose of this manual is to provide a consistent guide to personnel actions involving City employees. It is not intended to give specific guidelines for every conceivable personnel action, but rather to be a guide in ensuring that decisions are consistent, and in accordance with the desires of the City. The circumstances of any particular case or matter may warrant a deviation or exception in the application of this policy; where such circumstances justify an exception, the City Manager is authorized to do so. The objectives outlined in this manual include the following:

- A. Promotion of increased efficiency and economy in the service of the City.
- B. Provision of equal employment opportunity to all qualified applicants to enter and advance in City employment on the basis of demonstrated merit and fitness as determined through consistent and equitable methods of selection and promotion.
- C. Development of a program of recruitment, advancement, and tenure, ensuring City service as a career path, encouraging employees to strive for excellence in performance.
- D. Establishment and maintenance of a uniform plan of classification and compensation based upon duties and responsibilities performed in the service of the City.
- E. Promotion of highest ethics among City employees through the provision of good working relationships, uniform administration of policies, opportunities for advancement, and consideration of employee welfare.

1.04 Policy Maintenance

The Director of Human Resources represents the City Manager with regard to routine administration of all phases of this policy. The Director of Human Resources shall monitor these policies and make every good faith effort to ensure compliance through departments not only with the letter but also with the spirit of this policy. All policies outlined in this manual are subject to the review and approval by the City Manager.

- A. These policies will be distributed to all City employees and will be published on the City's website. Employees are responsible for compliance with all policies in this manual and with any and all revisions.
- B. Department Directors have authority and are responsible for the proper and effective administration of these policies within their departments. Directors are encouraged to

maintain at least one paper copy of this manual for employee reference in their departments.

- C. Department Directors may develop and implement written department procedures or practices which are in addition to and not inconsistent with the policies listed in this manual, and subject to Human Resources review. Human Resources has responsibility to review employment related departmental policies prior to implementation.
- D. These policies may be changed or amended within the statutory and personnel administrative authority granted by law, the Code of Ordinances, specifically Ordinance 2015-15, or City Charter to the extent necessary to more effectively and efficiently promote the interests of the organization. Any new rules, regulations, or policies issued or updated in accordance with this section will supersede these regulations and are fully binding on all employees. Any provisions, terms, or conditions described in these policies may be changed, and continued employment with the City constitutes acceptance binding on all employees. Such new policies will, upon adoption, be set forth in writing and be made available to all employees and published on the City's website.

4.01 Selection

Selection of individuals for interview should be made based on job-related criteria in all cases. Job-related criteria should at a minimum, include possession of the necessary knowledge, skills, abilities and education to be successful in the position. The City reserves the right to select individuals for positions based on those who are best suited for the positions, consistent with all acceptable legal requirements.

4.02 Nepotism

The City of Huntsville has a primary responsibility of hiring the best, most qualified, most experienced applicants for each position. A secondary responsibility is to make sure that our decisions are not impaired by personal relationships, or that others do not call into question our professionalism or judgment because of personal relationships that exist. Occasionally, these two responsibilities will conflict with each other. This policy intends to guide the City in balancing these responsibilities. Each of the hiring circumstances may require individual review and consideration, and intends to allow applicants to apply for positions, go through the hiring process and face the issue of nepotism conflicts discussed in this policy at the time a conditional offer is being considered.

For the purposes of this policy, the following chart should be used as a reference:

Consanguinity (Includes individuals related by blood to the Officer or Employee)			Affinity (Includes the Officer's or Employee's Spouse and individuals related to the Spouse)		
First Degree	Second Degree	Third Degree	First Degree	Second Degree	Third Degree
Father or Mother	Grandparents	Great Grandparents	Spouse	Grandparents	Great Grandparents
Son or Daughter (& Spouse)	Grandchildren (& Spouse)	Great Grandchildren (& Spouse)	Father or Mother	Grandchildren	Great Grandchildren

		Children of First Cousin (& Spouse)			
	Brother or Sister (& Spouse)			Brother or Sister	Children of First Cousin
		Grand Nephew or Niece (& Spouse)			Grand Nephew or Niece

- A. Section 14.10 of the City of Huntsville Charter shall govern and prevail over any section within this policy.
- B. Notwithstanding any relationship prohibited by Section 14.10 of the City of Huntsville Charter, all existing circumstances of Consanguinity or Affinity that exist as of the date of this policy adoption shall be “grandfathered” except those relationships that, by virtue of promotion may result in the circumstances described in “E” below.
- C. All applicants will be asked to indicate on their application if they believe they are related in any way to a current City of Huntsville employee. Failure to answer the question correctly or omit any consanguinity or affinity shall be handled in the same way as incomplete or inaccurate information on applications.

- D. Unless a seasonal position is involved, there shall be no First Degrees of Consanguinity or Affinity. In the event of a circumstance of first degree consanguinity or affinity, either the applicant must withdraw from consideration or the current employee must resign in order for the applicant to receive and accept a conditional offer for employment. In the event the applicant elects to accept the position and the current employee elects to resign, he/she will be provided with the same terminal pay as described in the City's Reduction in Force policy. In the event of a marriage or common law marriage between employees, one employee or the other must resign within 30 days (or be terminated). The employee choosing to resign will be provided with the same terminal pay as described in the City's Reduction in Force policy.

- E. No regular, full-time employee at pay grade 74 or higher for general exempt positions, including Department Directors, City Secretary, City Attorney or Municipal Court Judge; Grade E or F for the Police Department, Grade C or D for the Fire Department, may have personal relationships of first or second degree consanguinity or first or second degree affinity. This may be waived on a case by case basis by the City Manager or his designee with special consideration given to seasonal or part-time positions of temporary nature, the degree to which real or perceived conflicts may be mitigated by Directors and supervisors within each department in question, and/or the difficulty the City has had hiring for the position in question. The City Manager or his designee in their discretion to waive this may elect to allow the conflict and require a review at the conclusion of the employee's probationary period. In these circumstances, only the applicant may withdraw from consideration to resolve the conflict with policy.

- F. No employee may work in any line of departmental supervision of another relative.

- G. No employee may work in the same budget division with an employee related by second or third degree consanguinity or second or third degree of affinity. This may be waived on a case by case basis by the City Manager or his designee with special consideration given to seasonal or part-time positions of temporary nature, the degree to which real or perceived conflicts may be mitigated by Directors and supervisors within each department in question, and/or the difficulty the City has had hiring for the position in question. The City Manager or his designee in their discretion to waive this may elect to allow the conflict and require a review at the conclusion of the employee's probationary period.

4.03 Job Offer

- A. Job offers are initiated by the department and approved by Human Resources. Supervisors will conduct the reference checks prior to making the conditional job offer. Conditional job offers should be delivered after verification of references by the hiring department.
- B. After the conditional job offer is made, applicants must successfully complete verification of education, experience, driving record, physical and psychological exams, drug screens, criminal background checks and other related criteria, depending on the requirements of the position.
- C. All job offer salaries are subject to approval by Human Resources prior to discussions with applicants regarding conditional job offers.

4.04 Hiring Pay Rate for External Applicants

- A. Applicants whose education and experience meets the minimum qualifications will be hired at the minimum of the pay range.
- B. Applicants whose education and experience exceeds the minimum qualifications may be hired above the minimum of the range, based on the criteria listed below.
 - 1. The applicant's higher qualifications may warrant higher pay.
 - 2. Hiring above the entry salary will not disrupt current internal equity and salary relationships. Department Directors have authority to approve up to step two (2) with written justification of the areas the applicant exceeds the minimum requirements to be submitted to Human Resources. Human Resources will recommend salary offers above step two (2) for approval by the City Manager.
 - 3. Funds are available.
 - 4. The action is in the best interest of the City.

4.05 Hiring Pay Rate for Promotions

- A. Applicants who are current employees and for which this is a promotional opportunity, will receive an increase to the closest step (rounded up) providing 5% salary increase or the minimum of the range, whichever is greater, unless the employee has previous experience and clearly exceeds the minimum requirements, in which case the starting salary guidelines above may be applied. This date of promotion will affect any tenure raise date or performance review date. Police and Fire promotions are governed under the affected classification schedules.

4.06 Hiring Pay Rate for Lateral Transfers

- A. Applicants who are current employees and for which this change is a lateral transfer, same grade, will retain tenure raise dates unless the duties of the job change substantially based on review by Human Resources. Their salaries will remain the same.

4.07 Hiring Pay Rate for Demotions

- A. In the case of a demotion where the new position is of a lower grade, the employee's salary may be reduced. Applicants who are current employees and for which this is a voluntary or involuntary demotion, will retain tenure raise dates unless the duties of the job change substantially based on review by Human Resources. Department Directors may use starting salary guidelines to justify salary offers in the case of demotion. If the employee's salary exceeds the maximum of the new pay range, the pay will be reduced to the maximum of the new pay range. In the case of an administrative demotion in lieu of layoff, salary will be determined in conjunction with Human Resources.

4.08 Employee File Maintenance

- A. Human Resources maintains official employee, or personnel files, in the Human Resources Department, except when otherwise authorized by law. Access to those files is limited to the employees and to those individuals with a need to know, unless otherwise controlled by State or Federal law.
- B. Employees must ensure that any changes in name, address, phone, or emergency contact are documented in accordance with current standards set up both in the department and in the City.
- C. Federal law requires that the City maintain all employee medical information in separate, confidential files. Therefore, in addition to personnel files, the City maintains a separate medical file for each employee. The Director of Human Resources maintains these confidential medical files.
 - 1. Examples of information that may be provided to the City by an employee or the employee's health care provider, and maintained in the confidential medical files, include:
 - a. a note to justify an absence;
 - b. a note to request a leave;
 - c. a note to verify the employee's ability to return to work;
 - d. medical records to support a claim for sick pay or disability benefits;
 - e. insurance records;
 - f. workers' compensation records; and
 - g. medical history records

2. The City does not request genetic information from an applicant, employee, or health care provider. The City discourages health care providers from sending genetic information. Any genetic information inadvertently sent to the City will be returned to the health care provider.
3. It is important that employees understand that the records are confidential but that the confidentiality may be waived when the employee provides medical information to the supervisor or the Director of Human Resources. When an employee provides information to the supervisor, the supervisor is expected to share the information only on an “as needed” basis with other members of management.
4. In addition to protecting their own confidential medical information, employees must also respect the privacy and confidentiality of other coworkers’ medical information. Employees are expected to use discretion and judgment when dealing with such information and are to refrain from passing along information, gossip, rumors or anything else that may constitute an invasion of a co-worker’s privacy or breach of confidence.

V. Orientation Period

5.01 ORIENTATION PERIOD	23
-------------------------------	----

5.01 Orientation Period

- A. There will be an Orientation or probation period of six (6) months for all newly hired, rehired, transferred, demoted or promoted employees. It is the purpose of this orientation or probation period to allow both employees and the City to evaluate job satisfaction and continued employment. The probation period for newly hired police officers or firefighters will be twelve (12) or eighteen (18) months, depending on certifications at hire date.
- B. At any time during this period, supervisors may determine that the employees are not meeting the requirements of the position or not performing in a satisfactory manner. If this is the case, those employees may be involuntarily terminated.
- C. Prior to the dismissal of orientation period or probationary employees, departments must consult with their directors and Human Resources.
- D. New employees and newly promoted employees terminated in their initial orientation or probation periods do not have appeal rights.
- E. Current employees who have been transferred, demoted or promoted who are terminated in their initial orientation periods, may upon review be returned to their former positions, with departmental and Human Resources approval if such openings exist. This does not apply to police officers or firefighters.
- F. Orientation periods may be extended, with documentation submitted to Human Resources for approval. The documentation must include an explanation of why the additional time is necessary and is required to effectively evaluate new employees.
- G. At the end of the orientation period, the performance of the employees may be reviewed and discussed. If the performance is satisfactory after this period, employees will continue employment, and will retain their at-will status, and may subsequently be terminated, transferred, or demoted, with or without cause.
- H. During this initial period, employees are generally not eligible for reassignment, promotion, or allowed to voluntarily transfer. Exceptions may be granted if determined to be in the best interest of the City and approved by the City Manager.

- A. Job Classification is a categorization of job type according to the nature of the work performed. Jobs are classified according to assigned responsibilities and other compensable factors. These assignments are not subject to appeal by employees. Classification recommendations and assignments are recommended by Human Resources and approved by the City Manager.
- B. Job Classifications are generally slotted into pay plans. Those pay plans may include separate structures for exempt, non-exempt, Director, police, or fire.
- C. Each position within the pay plan or structure will be classified as exempt or non-exempt, or as eligible or not eligible for overtime pay or compensatory time accruals.
- D. Each position in the City shall be classified according to objective, legal criteria and the provisions outlined in this manual.
- E. Official Titles shall be used for all official documents. Working or functional titles may be used where appropriate.
- F. Job Descriptions will be established and reviewed before posting for all positions.

6.03 Job Reclassification

- A. Job Reclassification is a re-categorization of a job based on or as a result of documented significant changes in complexity of duties, responsibilities, knowledge level required, impact on City operations, accountability, business necessity, or other relevant factors, some of which are included below:
 - 1. The level of responsibility for an existing position has significantly increased or decreased.
 - 2. The job duties of an existing position are expected to be combined with a vacant position in another classification.
 - 3. Additional programs, facilities or requirements of a higher knowledge, skill, and responsibility level are assigned that are not currently a part of the job responsibilities as currently stated.
- B. Job Reclassification is not considered a business necessity for any of the factors identified below:
 - 1. Local, state or federal law requires a title or certification change but does not substantially change the job requirements.
 - 2. There is a volume increase in the workload or new tasks have been added.
 - 3. There is a desire to reward an employee for outstanding performance, the obtaining of a degree or certificate, reaching the top of the pay range, or for length of service.
- C. When reviewing job classifications and titles, the appropriate steps will also be taken to review exempt or non-exempt status for overtime eligibility.
- D. Job Reclassification request from the Directors will be conducted by the Human Resources Department and any recommended changes forwarded to the City Manager for review and approval.

6.04 Rates of Pay

- A. The base rate of pay for employees is the amount the employees receive based on an established dollar amount that correlates to the appropriate step in the salary range of the classification to which the job title is attached.
- B. The base plus rate of pay for employees for the purpose of payment of overtime is that amount the employees receive which includes the base pay, determined by placement in

the salary range of the classification to which the job title is attached, plus any longevity, certification, (police, fire, water, wastewater, bilingual), education (police and fire), and assignment pay (police and fire).

6.05 Overtime Compensation

Overtime compensation is paid to all non-exempt employees in accordance with federal and state wage and hour requirements. Exempt employees are not paid overtime compensation.

- A. Exempt employees are those who are not covered by the overtime requirements of the FLSA. Accordingly, exempt employees are not entitled to overtime compensation for work performed beyond 40 hours in a workweek. Exempt employees are expected to put in the hours necessary to complete their assignments with an acceptable level of quality in a timely manner.
 - 1. "Docking" an exempt employee's pay for a partial day's absence will be permitted only as authorized by law and approved by the Director of Human Resources.
 - 2. Absent accrued paid leave time, an exempt employee need not be paid for any workweek in which no work was performed.
 - 3. It is the policy of the City not to make improper deductions from an exempt employee's pay. Any exempt employee who believes an improper pay deduction has been made must immediately notify the Director of Human Resources. The City will promptly reimburse an exempt employee for any improper deduction(s) and will make a good faith commitment to comply in the future.
 - 4. One exception to overtime compensation for exempt employees is during a governor declared state of emergency. When activated during a governor declared state of emergency, exempt employees may earn compensation at the straight time rate for hours outside the normal work schedule when activated. Overtime work still requires approval by the Department Director.

- B. Non-exempt employees are eligible for compensatory time or overtime (as defined by FLSA). For purposes of determining overtime rates paid, costs are calculated on the base plus rate, times 1.5.
 - 1. The normal workday, for full-time employees, shall consist of a minimum of eight (8) consecutive hours of work and a meal period at a time established by the Department. Alternative work schedules must be approved by Human Resources and the City Manager.
 - 2. The normal work week is forty hours of actual work beginning at 12:01 a.m. on Monday and ending at midnight the following Sunday. The standard work hours vary from division to division if approved by Human Resources.

- C. When the City's operating requirements or other needs cannot be met during regular working hours, non-exempt employees may be scheduled to work overtime, at the request of the supervisor. When possible, advance notification of mandatory overtime assignments will be provided. Overtime assignments will be distributed as equitably as practical to all non-exempt employees qualified to perform the required work. Refusal or other failure to work mandatory overtime may result in disciplinary action up to and including termination of employment. Overtime work is otherwise subject to the same attendance policies as straight time work.

- D. All non-exempt employees must receive their supervisor's and Department Director's prior authorization before performing any overtime work. This means employees may not begin work prior to their scheduled work day, and may not continue working beyond the end of their scheduled workday, without prior authorization from the appropriate supervisor. Similarly, employees may not work through their lunch break without prior authorization from the appropriate supervisor. On the employee's time sheet, the appropriate supervisor must also approve any overtime before the time sheet is submitted for processing and payment. Non-exempt employees shall not remain on the work premises without authorization unless they are on duty or are scheduled to begin work within a short period of time. Non-exempt employees who work overtime without receiving proper authorization may be subject to disciplinary action, up to and including possible termination of employment.

- E. Sick days, vacation days, holiday leave, emergency leave days, injury leave days, jury duty days, or other leave days do not count as "worked time" in determining eligible hours worked for purposes of computing overtime. Employees must be at work on the job in excess of the defined work week or work period to receive compensatory time or overtime.

- F. For eligible employees, compensatory time or overtime will be accrued or paid for those eligible hours worked in excess of those defined in the work week or work period, not the work day. For non-police officer and firefighter positions, those defined work week or work period hours equal forty (40) in seven (7) days. For eligible police positions, that defined work period is fourteen (14) days consisting of eighty (80) work hours. For eligible fire positions, that defined work period is twenty-eight (28) days consisting of 212 work hours. Some Police and Fire employees work a regular 40 hour work week.

6.06 Compensatory Time

- A. Compensatory time is accrued at the rate of 1.5 hours for every hour worked in excess of the established work week or work period for the position.
- B. Compensatory time may be accrued and used at a later date, as with vacation, with supervisor approval.
- C. Compensatory time may be accrued to a maximum of forty (40) hours.
- D. Once employees have accrued 40 hours of compensatory time, all additional overtime hours will be paid at the overtime rate through payroll, or flexed off during the workweek it was earned, until such time as the compensatory time accrual has been reduced.
- E. Department Directors have the authority to designate whether the department's non-exempt employees will receive overtime pay, compensatory time accruals, or a combination of both, for any hours worked over the maximum in the work week or work period.
- F. Upon separation, promotion or transfer to another department, or promotion from non-exempt to an exempt position, employees will be paid all accrued compensatory time at the current rate.
- G. Department Directors may approve flex hours within the regular work week to keep non-exempt employees hours worked within the standard 40 hour work week (not the 80 hour pay period) and avoid overtime. Police and Fire employees may flex hours within the established work period to avoid overtime.

6.07 Standby or On Call Pay

- A. Employees are considered officially scheduled and designated as on Standby or On Call only when approved by a supervisor in accordance with procedures established by the department. During this standby period, employees are free to pursue personal activities, but must respond within guidelines established by the department. Exempt employees are not eligible for "On Call" pay.
- B. Standby and On-Call employees must be available for response within forty five (45) minutes.
- C. Employees assigned to this category will be compensated at 1.5 times their base plus rate for hours worked during the callback period.
- D. Employees called in to work will receive a minimum of two (2) hours pay.

6.08 Interim Appointment

- A. Employees may be appointed to interim positions to ensure the proper delivery of City services if the position is vacant or the incumbent will be unavailable for an extended period of time, generally in excess of ninety (90) days.
- B. An extended period of time may be defined by the City Manager, but it shall exclude routine vacation and sick leave absences.
- C. Employees appointed to interim positions will be compensated in a manner approved by the City Manager, but at no less than a five percent (5%) increase in pay or minimum of the salary range, whichever is greater.
- D. Interim appointments shall not be used to circumvent the normal selection procedures.
- E. Interim appointment pay shall be removed at the end of the interim assignment.

- A. Longevity Pay is additional pay granted based on years of continuous full-time service. Previous service time as a seasonal or part-time employee, does not count toward credited service for longevity pay.
- B. Regular full-time employees are eligible for longevity pay after one full year of service, at the end of the month in which they began working.
- C. Longevity is granted at the rate of \$4.00 per month for each year of service, to a maximum of twenty-five (25) years of service.

- B. Employees who are eligible for bilingual pay must successfully pass a competency exam administered by the City. The competency exam will be in both verbal and written forms.
- C. Bilingual pay will be eliminated if the department no longer has a need, employees are transferred to other positions or departments, employees' skills no longer satisfy program requirements, employees are on extended leave, or employees voluntarily leave the program.

6.14 Payroll Deductions

- A. Initial and continued employment is conditional upon agreement for payroll deductions as follows:
 - 1. When required or allowed by law or regulation
 - 2. As payment for fringe benefits or otherwise available, with employee consent
 - 3. As repayment for erroneous payments or overpayments made by the City

4. As repayment for benefits paid while employees are receiving other income, such as workers' compensation payments

6.15 Payroll Checks

General travel rules:

For non-exempt employees, time spent traveling for training or other City business is compensated as follows:

For a single day of travel, including regular workday, weekend or holiday, all actual travel time, less mealtime, shall be counted as compensable time worked for purposes of computing overtime.

For multi-day travel (with overnight stay):

All actual travel time during regular work hours or corresponding hours on non-working days (weekends or holidays), less mealtime, will count as time worked. For example, if an employee regularly works from 8 a.m. to 5 p.m. on the weekdays, any travel time between the hours of 8 a.m. and 5 p.m. on a weekday or the weekend will count as time worked.

Travel time spent outside of regular work hours or corresponding hours on nonworking days (weekends or holidays), less mealtime, will count as time worked for drivers only. For example, an employee who regularly works from 8 am to 5 p.m. on weekdays will be

paid for travel after 5 p.m. on a weekday or the weekend only if he is driving, but not if the employee is a passenger.

Normal travel time between home and the employee's first worksite is not considered time worked. However, time spent traveling between home and work for a special assignment outside of the county, or for unscheduled emergency call backs to work, will be counted as time worked. If a driver is offered a different, faster mode of transportation, but chooses to drive, then such additional driving time before and after work hours is not counted as time worked.

Employees who attend training or other meetings and events as part of City-related business will be compensated for the training/meeting and eligible travel time according to this policy.

If an employee voluntarily attends courses outside of work hours at an independent school, including a college or trade school, time spent in class or doing homework for such class is not compensable by the City and will not be paid, even if the course is related to the employee's job at the City and even if the City is reimbursing the employee for the cost of the class.

Employees who have questions regarding these travel/training policies should contact Human Resources.

1. Hardware/software: Any hardware/software purchased without IT approval may not be connected to the city's network, nor will it be maintained by IT staff.
2. Employee-owned equipment: Employee-owned equipment must NOT be connected to the City's network as it may contain viruses, spyware and other malicious software which can quickly damage the City's network causing performance issues, loss of data, or impairment of other important resources.
3. Redline Equipment: Occasionally IT receives requests from Departments to be issued and use computers or other equipment that is destined for disposal, "Redlined." This equipment is viewed as "free" by the receiving department, since there is no up-front

cost. However, this older, obsolete equipment must still be supported by IT. This creates a burden in that the “Redline” equipment is removed from the installed base, so it results in a lower amount being budgeted for equipment replacement yet requires IT staff support for maintenance and upkeep.

Requests for “Redline” equipment will be evaluated on a case by case basis and if approved by IT, will only be supported through the following budget year. Departments using “Redline” equipment will be responsible for submitting a supplemental budget request to replace the older equipment during the next regular budget cycle or obtaining other funding to support replacement. A supplemental budget request for “Redline” equipment not recommended for approval in the budget will no longer be supported by IT.

4. **Storage Media Destruction:** When the useful life of storage media (e.g. hard/solid state drives, backup tapes) has passed, the City’s IT Department destroys the media or wipes the drives with a U.S. Department of Defense approved formatting scheme. This prevents important City data from getting into the wrong hands. All unused or obsolete storage media must be turned into the IT Department for disposal. Users should never dispose of storage media by throwing the media away.
5. **IT Hardware obtained as a gift, grant or other means:** Unlike other forms of equipment, computers and related IT hardware represent a long-term resource commitment for administration, technical support, user support, software licensing costs, and upgrades. The initial procurement through gifts, grant funds and similar means are not “free” and should be subject to careful consideration. Any such devices must be approved by IT prior to being accepted for use by the City.
- I. **Copyright Restriction:** Any software or other material, including music, downloaded to a City computer may be used only in ways consistent with the licenses and copyrights of the vendor, author or owner of the material. Prior written authorization from the IT Director is required before introducing any software into the City’s computer system. Employees may not download entertainment software, games or any other software unrelated to their work.
- J. **Social Networking Policy:** An employee’s use of social media, both on and off duty must not interfere with or conflict with the employee’s duties or job performance, reflect negatively on the City or violate any City policy. The intent of these standards is to regulate the creation and distribution of information concerning the City, its employees and citizens through electronic media, including, but not limited to online forums, instant messaging, social media and blogging sites. Protecting the City’s reputation and ensuring that an employee’s communication with people outside the City not only reflects positively on the employee as an individual, but also on the City.

The City expects all employees to follow the guidelines below when posting City related

information on the Internet, regardless if done during or after work hours. This policy encompasses: wikis, tweets and twittering, Facebook, LinkedIn, blogs, and other online journals and diaries; bulletin boards and chat rooms, micro-blogging and all other social networking sites, instant messaging and the posting of video on YouTube and similar media, as well as City-operated networks.

This policy should be read and interpreted in conjunction with other City policies, including but not limited to, policies prohibiting harassment, discrimination, offensive conduct or inappropriate behavior and the City's Electronic Communication Systems Policy. Violations of the City's Social Networking Policy may lead to disciplinary action. Employee complaints should be handled through the City's Grievance Policy.

Employee Guidelines:

- Any blogging or posting of information on the Internet must comply with the City's guidelines (as listed below), regardless of where the blogging or posting is done.
- Never disclose any confidential information concerning another employee of the City in a blog or other posting to the Internet. Posting of confidential information may violate State law and subject the user to criminal penalty. Requests for City documents must be processed through the Public Information Act as appropriate.
- Employees must abide by all Federal and State law and policies of the City with regard to information sent through the Internet.
- If the employee's social networking includes any information related to the City, the employee must make it clear to the readers that the views expressed are the employee's alone and not reflective of the views of the City.
- City employees must notify their supervisors and the IT Director or designee if they identify a City business need to create a social networking site or service to conduct City business, prior to the creation of such a site. All of the employee's time spent updating or posting on behalf of the City as part of the employee's job duties is compensable time that must be reported and counted in the calculation of overtime.
- Respect coworkers and the City. Do not put anything on your blog or post any information and/or pictures on the Internet that may defame, embarrass, insult, demean or damage the reputation of the City or any of its employees.
- Do not put anything in your blog or post any information and/or pictures that may constitute violation of the City's Harassment policy. Do not post any pornographic pictures of any type that could identify you as an employee of the City.
- Do not post information on the Internet that could adversely impact the City and/or an employee of the City.
- Do not permit or fail to remove postings violating this policy, even when placed by others on the employee's blog. Recognize that postings, even if done off premises and while off duty could have an adverse effect on the City's legitimate business

interests. Remember that your personal and professional lives overlap in your online activity; thus, before posting, consider how your comment or behavior would be received if it appeared in the mass media. In other words, behave as if you are in any other public setting.

- Individual supervisors do not have the authority to make exceptions to these guidelines.

12.10 Cell Phones

- A. Whether department issue or otherwise, the City recognizes that many employees bring cell phones to work. Cell phones may belong to the employee or be provided for the employee's use by the City. The use of these phones, including those with cameras and video, must not interfere with job duties or performance. As with desk phones, employees must not allow excessive or loud phone use to become disruptive or interfere with their own or someone else's ability to do their jobs.
- B. Except in emergencies, employees will not use cell phones without a hands free device while operating a City vehicle while on City business, including both making and receiving phone calls and texting. Other devices deemed by the Department to cause distractions or interfere with the performance of job duties, may not be utilized.
- C. Texting while driving is prohibited.
- D. Employees using City-issued cell phones or personal cell phones for City related business have no expectation of privacy in calls, pictures, videos, or text messages.
- E. Employees are advised that records related to calls, videos, online storage and text messages made and received on City-owned devices are public information. Information related to telephone numbers called, length of call, and time and date of call as well as pictures, video, texts or online storage may be obtainable as a public record.
- F. Inadvertent monitoring of private cellular conversations is possible. Caution should be used whenever confidential or sensitive information must be discussed on a City-provided cell phone.

12.11 Sexual and Other Forms of Harassment

- A. All employees are entitled to a workplace free of harassment by management, supervisors, co-workers, citizens, and vendors. City employees are also prohibited from harassing other employees, citizens, vendors, and all other third parties.

- B. One form of unlawful discrimination is sexual harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitutes sexual harassment when:
1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or
 2. submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual, or
 3. such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.
- C. Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different gender. Conduct prohibited by this policy includes, but is not limited to sexual advances; requests for sexual favors; sexual jokes and innuendo; verbal abuse of a sexual nature; commentary about an individual's body, sexual prowess, sexual preference, sexual experiences, or sexual deficiencies; leering, whistling, or touching; insulting or obscene comments or gestures; display in the workplace of sexually suggestive objects or pictures; and other physical, verbal, or visual conduct of a sexual nature.
- D. Harassment on the basis of any other legally protected characteristic is also strictly prohibited. This means that verbal or physical conduct that singles out, denigrates, or shows hostility or aversion toward someone because of race, religion, color, national origin, age, disability, genetics, veteran status, citizenship, or any other characteristic protected by law is also prohibited.
- E. Prohibited conduct includes, but is not limited to, epithets, slurs and negative stereotyping; threatening, intimidating, or hostile conduct; denigrating jokes and comments; and writings or pictures, that single out, denigrate, or show hostility or aversion toward someone on the basis of a protected characteristic. Conduct, comments, or innuendoes that may be perceived by others as offensive are wholly inappropriate and are strictly prohibited.
- F. Prohibited conduct also includes the sending, showing, sharing, or distributing in any form, inappropriate jokes, pictures, comics, stories, etc., including but not limited to via any electronic devices, media or the internet. Harassment of any nature, when based on race, religion, color, sex, national origin, age or disability, genetics, veteran status, citizenship or any other characteristic protected by law is prohibited.
- G. Reporting of harassment is strongly encouraged, regardless of the offender's identity or position. Employees who observe or otherwise learn of possible harassment in the

workplace or who feel that harassment as occurred or has been subjected to conduct prohibited by this policy may report it to Human Resources or the City Manager's Office. Under this policy, employees may report to or contact the Director of Human Resources directly, without regard to the normal chain of command.

- H. Retaliation against employees who make good faith charges or reports of prohibited conduct or who assist in complaint investigations is prohibited. Acts of retaliation must be reported immediately as set out above.
- I. Misconduct constituting harassment or retaliation will be dealt with appropriately. Discipline, up to and including dismissal will be imposed upon any employee who is found to have engaged in conduct prohibited by this policy. Likewise, disciplinary action will be imposed in situations where claims of prohibited conduct were untruthful, fabricated or exaggerated or when employees are untruthful during an investigation.
- J. Employees are required to comply with an investigation under this or any other policy.
- K. All complaints of harassment will be promptly investigated under the guidance of Human Resources, the City Attorney, and/or by an outside investigator as determined by the City.

12.12 Dress Code and Uniforms

It is the policy of the City of Huntsville that each employee's dress, grooming, personal hygiene and appearance should be appropriate for the work situation. During business hours or when representing the City of Huntsville, employees are expected to present a professional, businesslike image. On certain days or occasions, employees are allowed to dress in a more casual fashion than normal, upon approval of the City Manager or Department Director. On these days or occasions, employees are still expected to present a neat, appropriate appearance, and must adhere to dress code standards.

Department Directors are responsible for establishing reasonable dress codes for their individual departments that are appropriate for the job being performed or the work situation, outside of an office environment. Certain employees may be required to wear uniforms. Employees required to wear uniforms must follow individual department guidelines regarding uniforms, which may include cleaning schedules, returning of uniforms, and the wearing of uniforms outside of the workplace.

For those employees wearing approved, City-furnished uniforms, the uniforms shall be relatively clean, and free from tears and rips. The City logo and employee's name shall remain visible and should not be covered up or shielded unless a jacket or sweater is worn over the uniform shirt because of weather conditions. Only proper names or pre-approved "nicknames" will be used on City uniforms. Employees, who wear hats or caps during business hours or when representing the City, must wear City issued hats or caps only, and must be approved by the Department.

Any employee who does not meet the standards of this policy will be directed by the employee's Manager/Supervisor or Department Director to take corrective action, which may include leaving the workplace until he/she is properly dressed or groomed. An employee's failure to comply with this directive will be grounds for disciplinary action. The employee may not be compensated during time away from work to comply with this policy.

12.13 Arrests and Confinement

- A. Employees are required to notify their departments in the case of an arrest, confinement, or driving under the influence allegation.
- B. Employee Detained by Law Enforcement Authorities: An employee that is questioned by law enforcement authorities and not free to leave is considered to be "detained." A detained employee, who fails to report to work at the employee's regularly scheduled time, and/or provide timely notification to the supervisor, will be subject to disciplinary action for unauthorized absence. Employees are to contact their immediate supervisor at the beginning of the next work shift after being detained by law enforcement authorities, to report the detainment, arrest, confinement or indictment and reason. If the employee is unable to report to the supervisor because of confinement, the employee must have someone contact the supervisor for the employee, no later than the beginning of the next scheduled work shift, to report why the employee is unable to report to work.
- C. Violations of Law Discovered through Criminal History Check: The City may conduct criminal history checks on existing employees at any time during their employment, for any reason. Conduct constituting an offense, arrest or conviction that is discovered may result in disciplinary action, up to and including termination.
- D. Exempt Employees: Depending on the circumstances of the arrest, confinement, or indictment, the salary or the leave accruals of an exempt employee may be docked for absences of less than one (1) full work day.
- E. Non-exempt Employees: If a non-exempt employee does not report to work as scheduled, the time missed will be recorded as unpaid leave.
- F. Felonies and Misdemeanors: Employees must immediately notify their supervisor and/or Department Director within twenty-four (24) hours if they are arrested, charged, indicted, convicted, receive deferred adjudication, or plead nolo contendere to any misdemeanor or felony. In most instances, the City will conduct its own investigation and take appropriate action. An employee arrested, charged, or indicted for a felony or misdemeanor, or accused by information of official misconduct or other serious criminal

violation may be placed on administrative leave (with or without pay) until the charge, indictment or information is dismissed or fully adjudicated without trial, and if tried, until the trial and appeal (if any) are completed and all related administrative matters are concluded. Such a determination will typically be made by the Department Director and the Director of Human Resources. An employee on administrative leave may, in the City's sole discretion, be reinstated to the position held before being placed on administrative leave (if available), if the indictment or information is dismissed, the employee is acquitted, or the conviction is reversed on appeal.

- G. Employee Status after Violation of Law: At the time the employee's department is made aware of an employee's arrest or conduct constituting an offense, the Department Director shall consult with Human Resources to determine available options which may include, but are not limited to:
 - 1. allowing the employee to return to regular duty with pay;
 - 2. allowing the employee to return to restricted duty with pay;
 - 3. placing the employee on paid administrative leave;
 - 4. placing the employee on unpaid administrative leave; or
 - 5. terminating the employee.
- H. Disciplinary Action: Disciplinary action may be pursued concurrently or in place of the above options or imposed at a later date. Multiple violations of law or confinements within a prescribed time period may also result in disciplinary action.
- I. Other Policies: This policy should not be construed to limit disciplinary action that may be taken in accordance with other Personnel Policies and Procedures, department policies, or other city wide policies.

12.14 Tobacco Use

- A. Employees are prohibited from using any type of tobacco in any City building, and other facilities, in City vehicles, and while using City equipment. Tobacco is defined as cigars, cigarettes, electronic cigarettes, or any type of smokeless tobacco.
- B. Employees may smoke or use smokeless tobacco in designated areas only.
- C. Departments which provide regularly scheduled work breaks are not required to provide tobacco-use breaks in addition to regularly scheduled work breaks.

12.15 City Property

- A. The City attempts to provide employees with adequate tools, equipment, vehicles and facilities for the job being performed, and the City requires all employees to observe safe

work practices and lawful, careful and courteous operation of vehicles and equipment. Any City-provided safety equipment must be used at all times.

1. From time to time, the City may issue various equipment or other property to employees, e.g., credit cards, keys, tools, security passes, manuals, written materials, uniforms, cell phones, computers, and computer-related equipment. Employees are responsible for items formally issued to them by the City, as well as for items otherwise in their possession or control or used by them in the performance of their duties. At the time of issuance, employees may be required to sign certain forms or other documentation evidencing their receipt of property and/or equipment and authorizing a payroll deduction for the cost of lost, damaged, or unreturned items. In addition to payroll deductions, the City may take any other action it deems appropriate or necessary to recover and/or protect its property.
 2. Employees must notify their supervisor immediately if any vehicle, equipment, machinery, tools, etc. appears to be damaged or defective, or are in need of repair. The appropriate supervisor can answer questions about an employee's responsibility for maintenance and care of equipment used on the job. The improper, careless, negligent, destructive, unauthorized, or unsafe use or operation of equipment will likely result in disciplinary action.
- B. Personal Use Prohibited. City property, materials, supplies, tools, equipment or vehicles may not be removed from the premises or used for personal business without prior written approval by the City Manager, or the Department Director.
- C. Vehicle Allowance. An employee may be given a monthly allowance for consistently using such employee's own vehicle for City business if the use is deemed necessary by the City Manager. The amount of the allowance shall be determined by the City Manager.
- D. Take Home Vehicles. A City vehicle may be assigned to a position or employee when it is more economical than payment of a car allowance or mileage reimbursement. To be eligible for assignment of a take-home vehicle, an employee must be subject to emergency call back during off duty hours to locations other than the employee's normal work station. No personal use of a take-home vehicle is permitted except to commute to and from home or work. A City vehicle is not to be used for personal business such as going to the bank, grocery store, etc. without prior written approval of the City Manager or Department Director. No alcoholic beverages are allowed in City vehicles. No passengers may be transported in take-home vehicles except as required by official duties approved by the Department. Public Safety employees should refer to Departmental policy.
- E. The City's vehicles are classified as either "exempt" or "non-exempt" as prescribed by law. Employees to whom a "non-exempt" vehicle is assigned for take-home will likely incur a

federal income tax liability for the fringe benefit of commuting to and from work. Most pickups, vans and automobiles are classified as "non-exempt" vehicles. Police and Fire vehicles used by employees on call 24-hours are normally exempt from the fringe benefit tax liability.

- F. Use of City Vehicles. City-owned or leased vehicles may be used only for official City business. City owned or leased vehicles may only be driven by authorized City employees. If an employee drives a personal vehicle, or a City-owned, rented or leased vehicle on the job or while carrying out City-related business, the employee must comply with the following:
1. Drivers must have a valid State of Texas driver's license appropriate for the vehicle operated, must maintain a satisfactory driving record, and must inform their supervisor of any change in status.
 2. Always observe all posted laws and speed limits.
 3. Always wear seat belts when the vehicle is in operation.
 4. No passengers other than City employees or others on City business may ride in a City vehicle unless otherwise approved in advance by the Department Director.
 5. No personal use of City-provided vehicles is allowed without the prior, specific approval of the Department Director.
 6. All maintenance and use records for City vehicles must be completed as directed by the employee's supervisor.
 7. Report any broken, missing, or worn parts, tires, etc., or any needed maintenance of City vehicles to the appropriate supervisor immediately.
 8. All drivers must be eligible for coverage under the City's insurance policy.
 9. AT NO TIME MAY AN EMPLOYEE UNDER THE INFLUENCE OF ALCOHOL OR A PRESENCE IN THE SYSTEM OF ILLEGAL DRUGS DRIVE A CITY VEHICLE OR A PERSONAL VEHICLE WHILE CONDUCTING CITY BUSINESS.
 10. EMPLOYEES INVOLVED IN A COLLISION WHILE OPERATING A CITY VEHICLE, OR WHILE OPERATING A PERSONAL VEHICLE ON CITY BUSINESS, MUST IMMEDIATELY NOTIFY THE PROPER LAW ENFORCEMENT AGENCY (IF APPLICABLE) AND THE APPROPRIATE SUPERVISOR, DEPARTMENT DIRECTOR, AND/OR CITY MANAGER. ACCIDENT REPORTS, ALONG WITH ANY LAW ENFORCEMENT REPORT, MUST BE FILED BY THE EMPLOYEE WITH THE DEPARTMENT DIRECTOR AND THE DIRECTOR OF HUMAN

RESOURCES.

The City may, at any time, check the driving record of a City employee who drives as part of the job duties to determine that the necessary qualifications are maintained as a City driver. Employees must cooperate in giving the City whatever authorization is required for this purpose.

The above is not a complete and exhaustive list of vehicle use policies. Violations of any of the specific items listed, as well as the improper, careless, negligent, destructive, unauthorized, or unsafe use or operation of a vehicle, may result in loss of driving privilege or disciplinary action.

G. All employees shall be solely responsible for their personal property at all times.

12.16 Weapons Control and Violence Prevention Policy

The City strives to provide a safe and secure working environment for its employees. This policy is designed to help prevent incidents of violence from occurring in the workplace and to provide for the appropriate response when and if such incidents do occur.

- A. Zero Tolerance: This policy prohibits harassment, intimidation, threats, and violent behavior by or towards anyone in the workplace, that is in any way job- or City-related, that is or might be carried out on City-property, or that is in any way connected to the employee's employment with the City, whether the conduct occurs on-duty or off-duty. The City has a zero tolerance policy for this type of misconduct.
- B. Weapons Banned: Unless specifically authorized by the City Manager, no employee, other than a licensed peace officer, shall carry or possess a firearm or other weapon on City property. Employees are also prohibited from carrying a weapon while on duty. Prohibited weapons include firearms, clubs, explosive devices, or knives with blades exceeding 5 ½ inches. Employees do not have an expectation of privacy, and the City retains the right to search for firearms or other weapons on City property.

Employees licensed by the State of Texas to carry a concealed weapon may have a permitted weapon only on the City parking lot, parking garage or parking area, if it is locked in the employee's vehicle. This would also apply to any "open carry" provision in the law.

- C. Mandatory Reporting: Each City employee must immediately notify his/her supervisor, Department Director, the Director of Human Resources and /or the Police Department of any act of violence or of any threat involving a City employee that the employee has witnessed, received, or has been told that another person has witnessed or received. Even without an actual threat, each City employee must also report any behavior that the

employee regards as threatening or violent when that behavior is job-related or might be carried out on City property, a City-controlled site or City job site, or when that behavior is in any manner connected to City employment or activity. Each employee is responsible for making this report regardless of the relationship between the individual who initiated the threat or threatening behavior and the person or persons threatened or the target of the threatening behavior. A supervisor who is made aware of such a threat or other conduct must immediately notify his/her Department Director and the Director of Human Resources.

- D. Protective Orders: Employees who apply for or obtain a protective or restraining order which lists City locations as being protected areas must immediately provide to the Director of Human Resources and the City's Police Department a copy of the petition and declarations used to seek the order, a copy of any temporary protective or restraining order which is granted, and a copy of any protective or restraining order which is made permanent. City employees must immediately advise their Department Director and the Director of Human Resources of any protective or restraining order issued against them.
- E. Confidentiality: To the extent possible, while accomplishing the purposes of this policy, the City will respect the privacy of reporting employees and will treat information and reports confidentially. Such information will be released or distributed only to appropriate law enforcement personnel, City management, and others on a need-to-know basis and as may otherwise be required by law.
- F. City Property: For purposes of this policy, City property includes but is not limited to owned or leased vehicles, buildings and facilities, entrances, exits, break areas, parking lots and surrounding areas, recreation centers, swimming pools, and parks.
- G. Documentation: When appropriate, threats and incidents of violence will be documented. Documentation will be maintained by the Director of Human Resources and/or the Police Department.
- H. Policy Violations: Violations of this policy may lead to disciplinary action, up to and including termination of employment. Policy violations may also result in arrest and prosecution.

13.02 REHABILITATION/TREATMENT.....	78
13.03 POLICY VIOLATIONS	80
13.04 TESTING	80
13.05 DOT DRUG AND ALCOHOL POLICY	82

13.01 Prohibition Against Alcohol and Illegal and Unauthorized Drugs

- A. It is the desire of the City to provide an alcohol and drug-free, healthful, and safe workplace. To promote this goal, employees are required to report to work in appropriate mental and physical condition to perform their jobs in a satisfactory and safe manner.
- B. While on City premises, while on duty, while conducting City-related business or other activities off premises, while driving a City-owned or leased vehicle, or while operating or using other City-owned or leased property or equipment, no employee may use, possess, distribute, sell, or be under the influence of alcohol (except under the limited circumstances described below), inhalants, illegal drugs, including drugs which are legally obtainable but which were not legally obtained, and prescribed or over-the-counter drugs which are not being used as prescribed or as intended by the manufacturer.
- C. The use of alcohol by a City employee during a business lunch is prohibited even though the person with whom the employee is having lunch may be consuming alcohol. Further, an employee on duty or conducting City business, including City-related business entertainment, may not drive his or her own personal vehicle or City vehicle while under the influence of alcohol. No employee in his or her work-related capacity should ever be impaired because of the excessive use of alcohol. Absent specific approval by the City Manager, City employees may not bring alcoholic beverages on City premises, including parking lots adjacent to City work areas, and may not store or transport alcohol in a City-owned or leased vehicle.
- D. Prohibition Against Illegal and Unauthorized Drug-Related Paraphernalia. This policy also prohibits the use, possession, distribution and sale of drug-related paraphernalia while on City premises, while on duty, while conducting City-related business or other activities off premises, while driving a City-owned or leased vehicle, or while operating or using other City-owned or leased property or equipment. Drug-related paraphernalia includes material and/or equipment designed for use in testing, packaging, storing, injecting, ingesting, inhaling or otherwise introducing illegal or unauthorized drugs into the body.
- E. Permissive Use of Prescribed and Over-The-Counter Drugs. The legal use of prescribed and over-the-counter drugs is permitted only if it does not impair an employee's ability to perform the essential functions of the job (or operate the vehicle, property or other equipment) effectively and in a safe manner that does not endanger the employee, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.
- F. Police Department Employees. Certain Police Department employees may be required to be in possession of alcohol and/or drugs in carrying out their job duties. Such

employees will be exempted from certain portions of this policy under certain limited conditions. Additional guidelines may be established by Police Department operating procedures.

- G. **Mandatory Disclosure by Employees.** Employees taking prescription medication and/or over-the-counter medication must report such use to either their Department Director or to the City Manager if there is a reasonable likelihood the medication will impair the employee's ability to perform the essential functions of his or her job (or operate a vehicle, property or other equipment, if applicable) effectively and in a safe manner that does not endanger the employee, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.
- H. **On-Call Employees.** Employees scheduled to be on call are expected to be fit for duty upon reporting to work. Any employee scheduled to be on call, and is called out, is governed by this policy. Sometimes, an employee who is not scheduled to be on call may nevertheless be called out. If this or any other situation occurs where the employee called out is under the influence of alcohol or has a presence in the system of drugs, such that reporting to work would result in a violation of this policy, the employee must so advise the appropriate supervisor on duty. The employee will not be required to report to work.
- I. **Mandatory Reporting of Arrests and Convictions.** Employees must notify their immediate supervisor and the Department Director, in writing, of any alcohol or drug-related arrest and/or convictions (including a plea of nolo contendere) or deferred adjudication, for a violation occurring off duty and/or in the workplace no later than twenty-four (24) hours after the arrest and/or conviction. Refer to section 12.13.
- J. **Off-Duty Conduct.** The City may take disciplinary action, up to and including termination of employment, if an employee's off-duty use of or involvement with drugs or alcohol is damaging to the City's reputation or business, is inconsistent with the employee's job duties, or when such off-duty use or involvement adversely affects the employee's job performance. Any employee reporting to work under the influence of illegal drugs or alcohol (.02 BAC or higher) may be disciplined, up to and including termination.

13.02 Rehabilitation/Treatment

- A. It is the City's desire to assist employees who voluntarily request assistance with alcohol or drug dependency. For City support and assistance, however, an employee must acknowledge the problem and seek and accept counseling and/or rehabilitation before it impairs job performance and/or jeopardizes the employee's employment.

- B. Employees with drug or alcohol problems that have not resulted in, and are not the immediate subject of, disciplinary action may request approval to take a leave of absence to participate in a rehabilitation or treatment program. (An employee may not enroll in a rehabilitation or treatment program in lieu of disciplinary action.) The leave of absence may be granted in the City's sole discretion. Factors considered by the City in deciding whether to grant leave include:
1. the length of the employee's employment with the City;
 2. the employee's prior work and disciplinary history;
 3. the employee's agreement to abstain from the use of the problem substance and follow all other requirements of the rehabilitation/treatment program;
 4. the reputation of the program and the likelihood of a successful outcome;
 5. the employee's compliance with City policies, rules, and prohibitions relating to conduct in the workplace; and
 6. the resulting hardship on the City due to the employee's absence.

Unless otherwise required by law, it is the City's policy to grant such a leave of absence only once during the course of an employee's employment with the City.

- C. The cost of any rehabilitation or treatment may be covered under the City's group health insurance policy. In any case, the employee is responsible for all costs associated with any rehabilitation or treatment program.
- D. During time off for a City-approved rehabilitation or treatment program, the employee must use any available vacation leave, sick leave, compensatory time off, or other accrued paid leave time.
- E. If the employee successfully completes the prescribed rehabilitation or treatment, the City will make reasonable efforts to return the employee to the prior position or one of similar pay and status. However, employment with the City following a City-approved leave for rehabilitation or treatment is conditioned on the following:
1. Initial negative test for drugs and/or alcohol before returning to work;
 2. A written release to return to work from the City-approved rehabilitation or treatment facility/program;

3. Employees will be required to sign a HIPAA release for the purpose of periodic and timely confirmation of the employee's on-going cooperation and successful participation in any follow-up or ongoing counseling, testing, or other treatment required in connection with the City-approved rehabilitation or treatment program, if applicable;
4. In addition to any testing required in connection with the employee's ongoing treatment or follow-up to treatment, all employees who participate in rehabilitation or treatment under this section will also be required to submit to periodic and/or random testing by the City during the two years following the employee's return to work following treatment; and,
5. The employee must sign a formal written agreement to abide by the above conditions, as well as any other conditions deemed appropriate by the Director of Human Resources. The employee must meet with the Director of Human Resources to discuss the terms of continued employment and sign a formal agreement before returning to work.

13.03 Policy Violations

Violations of this policy will generally lead to disciplinary action, up to and including immediate termination of employment and/or required participation in a substance abuse rehabilitation or treatment program. The Police and Fire Departments may have stricter disciplinary rules regarding violation of this policy. Employees with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their supervisor or the Director of Human Resources to receive assistance or referrals to appropriate resources in the community.

13.04 Testing

- A. Types of Tests. Testing may include one or more of the following: urinalysis, hair testing, breathalyzer, intoxilyzer, blood, or other generally-accepted testing procedure.
- B. Testing of Applicants. All applicants for employment to whom a conditional offer of employment has been made will be required to submit to testing for alcohol and illegal and unauthorized drugs. A positive test result, refusal to test, or attempts to alter or tamper with a sample or any other part of the test, will render the applicant ineligible for consideration of employment or future employment with the City.
- C. Testing of Employees.
 1. Employees may be tested for alcohol and/or illegal and unauthorized drugs after a workplace injury or accident or "near miss," when reasonable suspicion exists, or in

connection with any required treatment or rehabilitation. Supervisors must coordinate all testing with the Human Resources Director or designee.

2. Police and Fire Department employees are also subject to any applicable Departmental rules and regulations regarding illegal and unauthorized drug and alcohol testing.
3. For purposes of this policy, reasonable suspicion is a belief based on articulable observations (e.g., observation of alcohol or drug use, apparent physical state of impairment, incoherent mental state, changes in personal behavior that are otherwise unexplainable, deteriorating work performance that is not attributable to other factors, a work-related accident or injury, evidence of possession of substances or objects which appear to be illegal or unauthorized drugs or drug paraphernalia) sufficient to lead a supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Supervisors who refer an employee for reasonable suspicion testing must document the specific factors that support reasonable suspicion testing (e.g., the who, what, when, where of the employee's behavior and other symptoms, statements from other employees or third parties, and other evidence supporting the reasonable suspicion testing).
4. Tests will be paid for by the City. To the extent possible, testing will normally be done during the employee's normal work time.
5. Any employee who refuses to be tested, or who attempts to alter or tamper with a sample or any other part of the testing process, will be subject to disciplinary action up to and including termination.
6. A positive test result is a violation of the City's Drug and Alcohol Use Policy and will result in termination of employment.
7. The City has additional obligations when testing for controlled substances and alcohol for those employees regulated by the U.S. Department of Transportation. Please see the City's Drug and Alcohol Policy for DOT Employees for additional information.

D. Testing Procedures.

1. All testing must normally be authorized in advance by both the employee's Department Director and the Director of Human Resources. If the Department Director is unavailable within a reasonable period of time, the Director of Human Resources may, with sole discretion, authorize the testing of an employee. If the Director of Human Resources is unavailable within a reasonable period of time, the Department Director may, with sole discretion, authorize the testing of an

employee. For reasonable suspicion testing, testing may not be authorized without the supervisor's documentation of the articulable factors which led the supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Testing should be arranged as soon as possible after the supervisor's articulable observations.

2. If an employee's conduct resulted in a work place accident, injury or "near miss," or reasonable suspicion exists to believe that the employee has violated the City's Drug and Alcohol Use Policy, the employee will be provided with transportation to the testing facility. A supervisor or other designated City representative may be required to stay with the employee during the testing process. The City may, in its discretion, reassign the employee or put the employee on paid administrative leave until the test results are received. The City will make arrangements to have the employee transported home after the testing.
3. All substance abuse testing will be performed by an approved laboratory or healthcare provider chosen by the City. All positive test results will be subject to confirmation testing.
4. Test results will be maintained in a confidential file separate and apart from the employee's personnel file. Any medical-related information will be confidential and accessible only by the Director of Human Resources; supervisors and managers on a need to know basis, including those who have a need to know about necessary restrictions on the work or duties of an employee and any necessary accommodation; first aid and safety personnel when appropriate; government officials; insurance companies as may be necessary to provide health or life insurance to employees; by court order or as otherwise legally mandated; and as necessary to protect the interests of the City.

13.05 DOT Drug and Alcohol Policy

Employees who drive a commercial motor vehicle (CMV) requiring a Commercial Driver's License (CDL) as part of their job duties are subject to alcohol and drug testing as required by the U.S. Department of Transportation (DOT) and the Federal Motor Carrier Safety Administration and as outlined in "FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION (FMCSA) PROCEDURES FOR TRANSPORTATION WORKPLACE DRUG AND ALCOHOL TESTING PROGRAM."

Human Resources and the hiring Supervisor will advise the employee if the employee is subject to DOT testing and of the terms of this policy. Employees who are not required by DOT to hold a CDL are not subject to this policy. Applicants for employment for a position requiring a CDL are also subject to testing under this policy.

Employees covered by this policy are also required to comply with the City's Drug and Alcohol Policy. This DOT Drug and Alcohol Policy is in addition to, not in lieu of, the provisions of the City's General Drug and Alcohol Use Policy. DOT tests will be completely separate from non-DOT tests in all respects. DOT tests take priority and will be conducted and completed before a non-DOT test is begun. All drug and alcohol testing performed under this DOT Policy will comply with applicable DOT procedures. If this policy conflicts with DOT regulations in any way, the DOT regulations will govern.

Employees required by DOT to hold a CDL, due to the type of equipment they operate, must be certified by Human Resources prior to performing the covered functions under this policy, and are subject to this policy. Employees who hold these jobs are required to carry their CDLs when they are at work or are operating City equipment. Employees required to hold a CDL for their position will be subject to random testing, reasonable suspicion testing, and post-accident testing. Post-accident testing will be conducted in accordance with 49 CFR Part 382.303.

XVI. Employee Separation

16.01 VOLUNTARY SEPARATION	94
16.02 INVOLUNTARY SEPARATION	94
16.03 REDUCTION IN FORCE	95

16.01 Voluntary Separation

- A. Voluntary separation, in the form of termination by resignation or retirement, occurs when employees voluntarily resign with a written two week notice stating the final working day and the reason for the resignation. Employees who provide such notice will be determined to have left in good standing. It is understood that, in most Director level positions, generally a longer notice period is acceptable practice.
- B. Departments will retain responsibility for gathering all keys, phones, equipment, badges and other items for which the exiting employees are responsible, and ending electronic access to systems and programs.
- C. Payouts will include all time and accruals based on current policy, which are identified in a separate section of this policy.

16.02 Involuntary Separation

- A. Involuntary separation may be in the form of disciplinary termination, termination for incapacity, job abandonment, or reduction in force or death.
- B. Dismissal/Termination. The City may terminate an employee's employment as a result of unsatisfactory performance or conduct and/or violation of City policies or procedures, including a new hire who fails to successfully complete the orientation period. City employees who are terminated, or who resign in lieu of termination, due to unsatisfactory performance, pending results of an investigation, or conduct and /or violation of City policies or procedures, are not eligible for rehire.
- C. Dismissal may also occur for the following:
 - 1. Job Abandonment. If an employee fails to properly notify the City of an absence from work or if an employee is absent without authorization and/or notification for two or more consecutive days, the City will normally consider the employee to have abandoned employment, and the employee will be considered to have resigned from the position.
 - 2. Long-Term Absence. Leave of absence may be granted if it is a reasonable accommodation justified by medical necessity and doesn't create an undue hardship on the City. This policy will be administered consistently with the City's obligations under the Americans with Disabilities Act.
 - 3. Incapacity. An employee may be terminated for incapacity when after engaging in communication with Human Resources, they no longer meet the physical or mental requirement of the job with or without accommodations. A termination for

incapacity is not considered a disciplinary action. The employee may then elect to receive accrued vacation and sick leave benefits if provided by policy, if any, payable upon termination.

4. Reductions-in-Force/Reorganization. An employee may be separated from City service when it is deemed necessary by reason of shortage of funds or work, the abolition of the position, or other material change in the duties of the organization, or for other reasons which are outside the employee's control and which do not reflect discredit upon the service of the employee.
 5. Death. If a City employee dies, the designated beneficiary or estate will be paid all earned pay and payable benefits.
- D. Departments will retain responsibility for gathering all keys, phones, equipment, badges and other items for which the exiting employees are responsible, and ending electronic access to systems and programs.
 - E. Payouts will include all time and accruals based on current policy, which are identified in a separate section of this policy.
 - F. Employees who are involuntarily separated due to disciplinary actions and who are unsuccessful in any appeal process will retain the original termination date.

16.03 Reduction in Force

- A. The policy of the City of Huntsville is to ensure departments and divisions are staffed with adequate personnel to provide effective and efficient delivery of services to the citizens. When economic or other conditions create funding difficulties which may necessitate reduction in delivery of services to the citizens, the City may be required to reduce staffing levels in certain departments or divisions. This policy applies to all regular full-time employees at the City, including police officers and fire fighters.
- B. Department Directors may reduce the work force in their respective departments by laying off an employee by reason of abolition of position, changes in services, shortage of work or funds or other reasons outside the employee's control which do not reflect discredit on the work performance of the employee. Reduction in force is not considered disciplinary. All recommended reduction in force and reorganization decisions must be discussed with Human Resources. An employee whose position has been eliminated in one department or division may be transferred to a comparable position elsewhere in the City, if such position is available and the employee meets the minimum qualifications of the new position. Compensation may be adjusted accordingly. The City cannot guarantee the employee another position.

If layoffs are required, the decisions will be determined by the current operating needs of the City with consideration given to other job related criteria.

- C. Severance pay is based on the number of full, continuous, non-interrupted years of service with the City, as described below. An employee may receive up to a maximum of seven (7) weeks of pay:

<u>Years of Service</u>	<u>Benefit (Hours of Severance Pay)</u>
< 1 year	1 week (40 hours)
1 – 2 years	10 days (80 hours)
3 – 5 years	15 days (120 hours)
6 – 8 years	20 days (160 hours)
9 –12 years	25 days (200 hours)
13 – 15 years	30 days (240 hours)
Over 16 years	35 days (280 hours)

Any other benefits which the employee is eligible upon separation will be paid in accordance with those policies.

- D. Re-employment Benefits. If a laid-off employee successfully completes the application process and is rehired with the City within six (6) months after the effective date of the lay-off, that employee will be reinstated with the same level benefits documented at the time of lay-off. Any employees rehired with over a six (6) month break in service will be considered as any other new employee. The term of the separation may not be used toward the employee’s retirement eligibility, and no contributions will be made by the employee or the City for this term.

XVII. Attendance

17.01 ATTENDANCE STANDARDS	98
17.02 HOURS OF WORK	98
17.03 ADDITIONAL WORK	98
17.04 JOB ABANDONMENT	98
17.05 INCLEMENT WEATHER	99

17.01 Attendance Standards

- A. To maintain a high level of responsiveness to the needs of citizens and other employees, departments will establish and maintain standard working hours for employees. It is the responsibility of all employees to follow established work hours, avoid tardiness and unauthorized absences, and follow department reporting requirements.
- B. The City reserves the right to establish official work hours for any position. Department Directors may provide alternate work schedules to meet department or individual needs, as appropriate.

17.02 Hours of Work

- A. Each department will establish and define the normal work week or in the case of police and fire, the normal work period. Human Resources must review for compliance with the Fair Labor Standards Act (FLSA) prior to implementation.
- B. Directors may define different workweeks and work periods for different employees or groups of employees provided Human Resources has reviewed for compliance with FLSA. These may include flexible working arrangements.
- C. Hours worked is defined as the time the department requires or permits non-exempt employees to be on duty.

- A. When necessary or required by the department, employees may be required to work hours in excess of official hours. Such assignments may be rotated and allocated among employees, and may be granted for a specific period of time, or on an ongoing basis, as circumstances warrant.
- B. Unless approved in advance by the immediate supervisor, non-exempt employees completing work or tasks at any time other than authorized work hours, is prohibited. Examples include working before or after regular working hours, taking work home, and updating official social media sites after hours.
- C. Employees working unauthorized work hours or overtime may be subject to disciplinary action.

17.04 Job Abandonment

Employees who fail to properly notify the City of an absence from work or if an employee is absent without authorization and/or notification for two or more

consecutive days, the City will normally consider the employee to have abandoned employment and resigned their position.

17.05 Inclement Weather

- A. Except for extraordinary circumstances, City offices will remain open. All City employees, whether exempt or non-exempt, are expected to make a sincere effort to report to work during inclement weather conditions or other emergency situations.
- B. If an employee determines that the weather conditions constitute a danger to life and/or property, the employee must notify the immediate supervisor and/or Department Director and make arrangements to report to work if weather conditions improve. Any leave taken due to inclement weather can be flexed or charged to accrued time with the exception of sick leave. Regular full-time and part-time non-exempt employees who are unable to flex their time and who have no eligible accrued time available will not be paid for the time missed.
- C. The Department Director/immediate supervisor is responsible for seeing that City services are staffed while City offices are open for business during inclement weather or emergency conditions. Any City service that cannot be provided during inclement weather or other emergency conditions must be immediately reported to the City Manager's Office.
- D. When weather or other conditions are such that the City Manager declares certain City offices/departments officially closed, all affected personnel, i.e., those non-essential employees who were scheduled to work during the time of closure, will be granted "administrative leave" for the time the office/department is closed. Essential personnel must report to work even when other City departments are officially closed due to weather or other type of extraordinary circumstances. Essential personnel required to be on the job regardless of adverse weather or other conditions are designated by the Department Director and/or the City Manager. Essential personnel who fail to report to work may be subject to disciplinary action up to and including termination of employment. Employees are required to sign an acknowledgement form that they have received notice of their designation of essential or non-essential status and requirement to work during inclement weather at time of employment. Department Directors will establish essential and/or non-essential personnel based on the specific emergency or tasks required.
